

OCT is fully compliant with ALTA's Best Practices and all CFPB requirements. See below for details.

Orange Coast Title Company and our family of companies are proud to announce that we are one of the first underwritten title companies in the nation to receive an audited SSAE No. 16 SOC 1 type 1 report and the SSAE No. 16 SOC 2 type 1 report audits with NO EXCEPTIONS TO THE REPORT!

OCT was among the first companies to receive these letters with NO EXCEPTIONS!! Here is another example of how OCT works hard for real estate professionals and the consumer!

This 250 page report shows OCT's compliance with all of ALTA's 'Best Practices' and exceeds the industry standard! This report demonstrates the great lengths to which OCT goes to make sure all of the personal information it receives from our customers is protected from those people wanting to do harm.

In a day where identity theft is so prevalent, OCT is on the cutting edge of security! This will also make your closings go more smoothly. We are proud of our entire staff and are equally proud to offer the highest standard of quality care to our customers and provide the peace of mind home buyers desire and deserve!

Orange Coast Title, once again doing "Whatever it Takes"!
